Dear Mr. Jaeger,

I am writing to apply for the position of Design Apprentice. I read about the position from the One Day One Job blog. I am very interested in working for thehappycorp because your company is involved in cutting-edge design solutions and brand ideas. I am excited by your award-winning work and I believe my creative style and out-of-the-box graphic designs make me an excellent fit for your company.

As a recent graduate from Oklahoma Wesleyan University, my course background includes study in graphic design, web design, and photography. My skills have developed both in the classroom and through several freelance projects. I have experience in designing logos, advertisements and several print projects. My experience working with clients to understand their needs and fulfill them through design has been an excellent opportunity for growth. What I have enjoyed most about my prior design opportunities is the process of listening to the client and transforming their needs into unique ideas that truly represent their company and their mission. I would love the opportunity to continue working in the design profession in an environment where I can thrive in the company of other creative minds.

I have enclosed my resume. Please feel free to contact me at (918) 841-2930 or hannah.e.hopkins@gmail.com if you have additional questions.

Sincerely,

Hannah Hopkins
